

BALAJI WET GRINDERS

ALL FOOD PREPARATION EQUIPMENT UNDER ONE ROOF

SINCE 1967

About us:

BALAJI WET GRINDERS is a legendary name in the food and hospitality industry in South India for its pioneering feat of having developed India's first indigenous electric powered wet grinder far back in the year 1967. This development was a milestone and the rest was history, catapulting the brand to the top and making it well known. In the past five decades, the company has consolidated this position by constantly upgrading its products and developing newer models of varying capacities to suit the requirements of current generation.

Through regular trade fair participation and extensive advertising campaigns, we have established as an undisputed leader in this field. Today, we enjoy wide acceptance and appreciation amongst thousands of users not only in India but also abroad. In fact, The brand has carved a name in the industry and is always immortal.

We have showcased ourselves with quality for five decades. Our experience has enabled us to accurately read the pulse of the market and introduce products in tune with the customer's needs, with better, user-friendly features.

We thank our most valued customers who made us complete our golden jubilee in the year 2017. We have come a very long way since our inception in the year 1967.

Research and Development

We are a professionally managed organization which lay emphasis on research and development practices. Our R&D team is efficiently managed by our personnel who are engaged in constantly developing and upgrading our product range. Backed by the intensive research, we excel each and every time with the advent of new technology.

Our Personnel work in close coordination with all the departments especially the manufacturing and in-house design unit. This enables them to introduce innovative production and testing methodologies that proves cost effective as well as useful for the company. Consequently we remain ahead of our competitors in the market and sustain our strong foothold in the domestic as well as the foreign market.

Our Goal

In the quest for excellence we choose to improve our products and services to make our company an undisputed leader. Our endeavour lies in achieving sizeable business growth and turnover by increasing the productivity. We constantly upgrade our manufacturing tools and facilities to suit the existing trend. Our vision lies in setting up a benchmark in the industry by our quality products and excellent service to customers.

We have earned goodwill in the market for offering range of equipment with the best quality. Within a decade of our inception in the early nineteen seventies, we became one of the leading manufacturers and exporter of kitchen equipments. We owe all these to our mentor, Mr. O.K.Rama Swamy (Founder) whose able guidance has steered the organization in a sustainable way. The same goodwill is carried forward by his son Mr. R.Ramesh (Managing Director) who is carrying forward the legacy and wish him success to scale the company to newer heights.

We have showcased ourselves with quality for five decades. Our experience has enabled us to accurately read the pulse of the market and introduce products in tune with the customer's needs, with better, user-friendly features.

OUR CLIENTS ARE IN

-  CANADA
-  SOUTH AFRICA
-  FRANCE
-  U.K
-  JAPAN
-  UAE
-  USA
-  SAUDI ARABIA
-  SINGAPORE
-  MALAYSIA

CONVENTIONAL WET GRINDER

- CAPACITY – 5 LITRES/ 7 LITRES/ 10 LITRES/16 LITRES
- MOTOR - 1/2 HP / 1 HP / 1 HP / 2 HP
- FULLY STAINLESS STEEL
- EASY TO GRIND
- EXCELLENT PERFORMANCE
- ENSURES HYGENE
- MOTOR - CROMPTON GREAVES

TILTING WET GRINDER

- CAPACITY - 10L/15L/20 L/30 L/40 L
- Motor- 1HP/2 HP/2 HP /3 HP/ 5 HP
- DRUM & BODY MADE OF FOOD GRADE SS MATERIAL
- DETACHABLE CYLINDRICAL ROLLER STONE ASSEMBLY
- ROLLER STONE IS FITTED WITH VIPER FOR QUICK GRINDING
- UNIQUE ADJUSTABLE LOAD FOR EFFECTIVE GRINDING.
- LOCK FACILTY TO ENSURE 100 Degree tilt for easy & hygenic transfer of batter.
- CROWN/PINION GEAR BOX FOR LONG LIFE AND MAINTAINENCE FREE OPERATION.
- MOTOR - CROMPTON GREAVES 1 PHASE-220 V & 3 PHASE - 440 V

INSTANT WET GRINDER

- 100 LITRES CAPACITY/HOUR
- 2 HP 3 PHASE MOTOR
- FULLY S.S GRINDING PLATES
- TWO SIDE USABLE
- BLADE 45,000 - 50.000 KGS/SIDE
- ENSURES HYGENE AND SAVES LABOUR

GREVY MACHINE

- Motor Capacity – 2 HP/ 3 HP Single Phase ,220 V
- Output Capacity – 15 / 20 Kgs /Hour
- Machine Weight - 36 Kgs/ 45 Kgs
- Made of Full Stainless Steel

VEGETABLE CUTTER

- 150 KGS/Hour Output Capacity
- 5 BLADES INCLUDE SLICER, DICER, GRATER, FRENCH FRY, CHOPPER
- CUTTING CHAMBER & BLADES MADE OF FOOD GRADE ALUMINIUM & S.S 304 Cutters
- Motor brand - BALAJI 1/2 HP – 220 V SINGLE PHASE

COCONUT SCRAPPER

- OUTPUT CAPACITY - 80 to 100 Coconuts/ Hour
- Motor - 1/2 HP 110V, 1 Phase Motor Make – BALAJI
- FULLY MADE OF STAINLESS STEEL
- HEAVY DUTY MODEL with Robust Design

ATTA / DOUGH KNEADER

Machine Capacity - 5 Kgs/ 10 Kgs / 15 Kgs / 25 Kgs

Motor Capacity - 0.5/ 0.5/ 1 HP/ 1.5 HP,

SINGLE PHASE CROMPTON GREAVES

DRUM & BEATER IS MADE

OF FULL STAINLESS STEEL MATERIAL

EASY TO OPERATE, SAVE TIME &

LABOUR, ENSURES HYGENE

POTATO PEELER

- CAPACITY - 10 KGS / 20 KGS
- MOTOR - ½ HP / 1 HP CROMPTON GRAVES 1 PHASE
- BODY IS MADE OF FULL STAINLESS STEEL BODY
- MACHINE SHAFT IS MADE OF SS 304 QUALITY
- OUTLET FOR WASTE WATER

CHICKEN DRESSING MACHINE

- CAPACITY – 3 BIRDS / 5 BIRDS
- MOTOR - 0.33 HP / 0.5 HP CROMTON GREAVES
- SHAFT IS MADE OF SS 304 FOR LONG LIFE
- DRUM AND BODY MADE OF STAINLESS STEEL SHEET

POTATO PEELER MACHINE

- CAPACITY – 10 LITRES.
- MOTOR - 2 HP 3 PHASE 440 V.
- TILTING MODEL FULL S.S BODY
- ENSURES HYGENE, SAVES LABOUR
- STAND MADE OF FULL STAINLESS STEEL

COMMERCIAL MIXER GRINDER

"BALAJI" offers our clients a wide range of commercial mixer, grinders, blenders that have high quality stainless steel blade / knife. These mixer, grinder, blender are use for mixing, grinding, mincing, pulping, dry grinding and wet grinding. These mixer grinders are low power consuming and have high speed. The high performance of the mixer, grinder, blender helps us in saving time and thus satisfies the increasing demands of the clients across the globe. The different contacting parts of our mixer grinders are making from stainless steel and aluminum.

The commercial mixer, grinder, blender is use for dry grinding of soaked rice, dry red chili, pepper, roasted coffee seed, sugar and other products. The wet grinding is carry on different types of food products like rice, black gram, cashew nut, dal, red chili, coconut, masala for curry.

Application of mixer, grinder, blender
DRY GRINDING: Rice, dry red chili, pepper, roasted coffee seed, sugar, Masala for curry etc.

WET GRINDING: Soaked rice, black gram, cashew nut, dal, red chili, coconut, and many more.

MINCING: Ginger, onion, etc.. **PULPING:** Tomato, Mango, pineapple, ginger, garlic, onion,

vegetables, green leaves **MIXING:** Semi liquid food items, Masala mixing Onion Gravy, Water

Mellon Bee, Tomato Sauces, Green Captain, Wet Rice grinding, Gram Dal Gravy can make a

powder of herbal products, wet goods, garlic/Spinach Peace, pulses crushed & grind in a short time.

CITRUS FRUIT JUICER

- JUICER SIZES – No. 15/No. 25 /No. 40/No.60
- MATERIAL MADE OF FOOD GRADE ALUMINIUM
- SEPARATE OUTLET FOR WASTE DISCHARGE
- ROBUST AND EFFICIENT DESIGN
- HAND DRIVEN MODEL.

RICE WASHER

- CAPACITY 20 KGS
- WATER PUMP MONOBLOCK 220 V, 1, 1 50 HZ
- WEIGHT 18 KGS
- BOWL AND STAND 4 KGS
- MAIN VESSEL SIZE L66 X B66 X H75 CM
- COLLECTION BOWL SIZE L40 X B40 X H45 CM
- WATER PRESSURE 20 PSI
- UTILITY WASHES RICE AND PLUSES

CHAPATI BALL CUTTING MACHINE PNEUMATIC

- MINIMUM ORDER QUANTITY 1 PIECE
- DESIGN TYPE CUSTOMIZED,
- STANDARD DOUGH BALL WEIGHT (G) UP TO 80 GRAMS
- PORTABLE NO
- CONDITION NEW
- AUTOMATION GRADE SEMI-AUTOMATIC
- WARRANTY 1 YEARS
- ACCURACY (%) 100

CHAPATI PRESSING MACHINE PNEUMATIC

- 500 / Hour Chapathi Pressing
- Machine running on pneumatic system
- 2 Hp Compressor
- Dimension 2' x 2' x 7'
- Teflon coated pressing plate.
- Temperature sensor installed
- 2000 watts Heater
- Fully automatic
- Size and Weight of each chapatti is identical.
- Up to 10" Diameter chapathi size
- Single phase power requirement

OIL DRYER

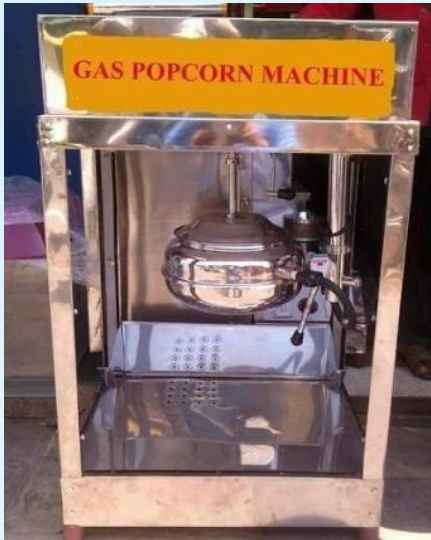

- Dries 10 kg of snacks in 10 minutes
- 1/2 HP Motor
- Dimension 2"x2"x4"
- Machine Weight 25kg
- Semi-Automatic Machines
- Used to dry oil from all kinds of Snacks

NAMKEEN FARSAN MACHINE

Most compact design with a head length of 5.4-Inch, allowing the tool to be used in tight and hard to reach places with increased comfort. Optimized Impact Performance: Provides the best runtime and control for small to medium duty fastening jobs.

- Compact multipurpose tool
- Boosted productivity
- One-year limited warranty

POPCORN MACHINE

- Made of Full Stainless Steel Material.
- Available in Electric & Gas Operated Models
- Easy to Use
- Offers Hygiene
- Low Maintenance & Long Life.

2 -IN - 1 S.S Pulverizer

The grinding capacity available starting from 15 kg/hr up to 200 kg/hr. We make the Body of these machines from Stainless Steel, which increases the durability and reduces the maintenance of the machine. All these machines are available with different net weight, starting from compact body to large one.

We supply all these machines that use grinding mechanism for grinding the feed product and for that different kind of blades are used, namely stone less cutter blade, stainless steel blade (SS304/SS316), it varies as per the machine. SS 304 grinding mechanism is newly arrived technology that we are providing.

Stainless steel blade SS304 is versatile of all other steel blades, its mechanical properties, chemical composition, corrosion resistance and give an all-round performance with comparatively lower cost. It also possesses a very good low-temperature property and responds well at hardening due to cold working.

A wide range of grinding materials can be used in these machines like Wheat, Maize, Jawar, Besan, Black Gram, Green Gram, Rice, Dal, Oats, Millet, Rye, Barley, Corn, Ragi, Salt, Sugar, Turmeric, Chili, Coriander, Black Pepper, Dried Ginger etc.

These machines with such a robust body material, heavy duty grinding chamber and Stainless Steel Blades produces a fine less grind of the product as required and then the material will pass through the screen kept below to remove the coarser material. Which in turn gives a fine-grained screen size material.

We provide the various features in both the models like Extra hopper to grind spices, auto grinding chamber cleaning system, motor overload protection, micro-dust collection fiber cloth is also provided.

2 -IN - 1 M.S Pulverizer

- Minimum Order Quantity 1 Piece
- Model No. BFM-001
- Material M.S
- Power Source Single Phase
- Automation Grade Semi-Automatic
- Phase Single Phase
- Machine Capacity(Kgs./ Hour) 40 to 50 Kgs./ Hour
- Voltage(V) 230 V
- Weight (Kilogram) 140
- Approx Coating Powder Coated

Stone Type Flour Mill

We are one of the prominent manufacturers, suppliers and exporters of an array of Flour Mills. These mills are used by our clients for grinding wheat, pulse and grains of a fine and pure output. Our quality controllers check these on various parameters to make sure a defect-free range is being delivered to our customers do. These Vertical Floor Mills that we offer are widely appreciated by our clients for their features like excellent output, optimum performance and low maintenance cost.

Features:

- Long lasting
- User friendly
- Affordable prices

Coffee Seed Grinder

- Output 15 to 20 Kgs Capacity
- Motor Capacity – 1 HP Single Phase
- Body made of full Stainless Steel
- Easy to Use and Maintain
- Long Life
- Fine to Rough Coarse adjustment
- Portable Model Easy to Carry

MEAT MINCER

- Available in 2 Sizes Senior & Junior Models
- Output Capacity – 15 kgs & 25 kgs
- Motor H.P - 0.5 HP & 1 HP
- Used for making Kheema, Kababs, etc.,
- Easy to Use, Hygenic and Long Life.

MULTI PURPOSE GRINDER (WET/DRY GRINDERS)

Multi Purpose Commercial Grinder (Wet or Dry Grinders) for Fine & Bulk Grinding of Peethi, Pulses (wet or dry), Spices, Salt, Chillies, Corns, Wheat, Sugar, Chemicals, Herbs etc. Fitted with High Quality Ball Bearings, Detachable Rod system, Stainless Steel Face Bolt (Non Magnet), System of Disposal of Water, controlled feeding system & fitted with feed Vibrator.

PLANETARY / CAKE MIXERS

The spiral Cake Mixer, Pizza Flour Mixers, Cream Mixers are provided with 304 grade Stainless steel outer body for rugged & durable performance. spiral Cake Mixer uses gear box application for optimum energy transfer and low energy consumption at par with energy star rated appliances. Numerous operations such as Pizza Flour Mixers, Cream Mixer can also be handled using the same bakery equipment. These bakery machines are designed to work efficaciously as DOUBLE PLANETARY CAKE MIXER, PIZZA FLOUR MIXERS, CREAM WHIPPERS for time & energy saving needs. Available in Various capacities.

Murukku Machine

Hand Murukku Machine

- Production Capacity (kg per hour) >400
- Snacks Type Namkeen
- Voltage (V) 220 V
- Power Source .05 HP to 2 HP
- Capacity (kg) 1 to 5 kg
- Weight (kg) 250 approx
- Brand BALAJI
- Power Consumption 1 HP

Semi Automatic Murukku Machine

- Production Capacity (kg per hour) >500
- Snacks Type Murukku
- Automatic Grade Semi-Automatic/ HYDRAULIC SYSTEM
- Voltage (V) 220 V
- Power Source 1 HP to 2 HP
- Capacity (kg) 10 to 15 kg
- Weight (kg) 300 approx
- Brand BALAJI
- Power Consumption 2 HP

Fully Automatic Murukku Machine

- Minimum Order Quantity 1 Unit
- Machine Type Automatic
- Capacity hopper 15kg
- Production Capacity (kg per hour) 0-50
- Brand BALAJI
- Application Murukku
- Power Consumption 1.5 HP
- Automatic Grade Automatic

INFORMATION

- 25 Different types of Murukku die available.
(Jangiri Murukku , Suthu Murukku, Thenkuzal Murukku, Arumbu Murukku, Vendaika Murukku, Poo Murukku, straw murukku, mullu murukku)
- Fully automatic and adjustable speed system
- Size and Weight of each piece are identical.
- Hopper can hold 15kg of dough
- Made with food grade stainless steel
- Processes up to 60kg of dough per hour

FEATURES

- >Hydraulic System ->PLC OPERATED
- > FULLY COMPUTERIZED DESIGN -> 2 HP MOTOR
